

Code sources

Terminology refresh frequency

Version: 1.0

Updated: 2023-10-2

Codes sources used within the Truveta Data Model are updated frequently. To ensure that the Truveta Data Model is aligned to the latest code source versions, we update TDM concept vocabulary based on the following schedule:

Code system	Source	Update frequency
CPT	UMLS	Twice a year
	OMOP	Annual
CVX	CVX	Monthly*
HCPCS	UMLS	Annual
HGNC	UMLS	Annual
ICD10CM	UMLS	Annual
ICD10PCS	UMLS	Annual
ICD9CM	UMLS	Not refreshed
LOINC	LOINC	February, August
NDC	OMOP	Monthly
NUCC/NPPES	NPPES	Monthly
RxNorm	UMLS	First Monday of every month
SNOMED CT	NLM-SNOMED	March, September
UCUM	NLM-UCUM	Twice a year
UDI	AccessGUDID	Monthly
VANDF	UMLS	Twice a year

*No regular update frequency. However, Truveta checks the source on a regular basis as noted in the table and updates TDM as needed.
